October 2021- Important upcoming dates and info

Halloween outing

Every year we try to plan something for Halloween. This year we would like to attend Quassy Amusement Park. They are having rides and scary attractions throughout the park. Tickets are \$29.99. Not recommended for very young children per the site. We are looking at October 30th at 6 pm. Please see Mr. or Mrs. Serrano if interested.

Halloween costume day

All students are welcome to wear their costumes on Wednesday, October 27th. We will have a shortened class for kids, play some games, and give prizes for the best costumes. If you have any questions please see Mr. or Mrs. Serrano.

ZOOM and BAND

Starting at the end of October we will be phasing out ZOOM classes. As our in person classes have grown in recent months we are unable to keep up with ZOOM during class. We will continue to broadcast classes on the BAND app (barring technical issues) and students can follow along if they miss in person classes.

Parking Reminder- Please keep this in mind

A reminder that parking for our studio includes available spaces on our side of the building, approximately 12 spaces directly in front of our front windows, and overflow parking on the other side of the building. **All cars should be parked in a parking spot**, please do not park in the open area on the side of the studio or double park in front of other vehicles. There is a map attached to the front door if you have any questions and we also have copies near the door. Thank you in advance.

Our focus is more than kicking and punching

Watching our students grow

Over the past several months our instructors have been reflecting on all of the people that have passed through our doors; and more importantly those of you that have remained part of our studio month after month, year after year. In our opinion a Martial Arts studio can be a unique place. Yes it is a place to train, to improve, to learn self-defense, to excel. But as instructors we find ourselves watching our students grow not only in the arts, but in life. From kids to young adults. Through life challenges and changes. Through growing families and the loss of loved ones. It is an amazing experience as our students truly become friends and extended family. We have concern for our students' well-being and enjoy celebrating life's milestones.

A sincere thank you to all of you who have enriched our lives. Who have been there in our challenging times. Who invite us to partake in your lives outside of the studio. Who have become friends and family. It truly means a lot to us and we cherish the memories you have allowed us to be part of. And we look forward to many more.
